SUMMARY

Highly motivated computer science student with strong problem-solving and coding skills in Python, Java, C, C++, SQL. Seeking an internship to gain practical experience in web development, Data science and Artificial Intelligence.

TECHNICAL SKILLS

- Python
- Java
- C
- HTML
- CSS
- JavaScript
- AIML
- MySQL
- C++

WORK EXPERIENCE

Python Programming Intern   **Sep 2024 – Nov 2024**
- Python Programming Intern at Cipher Byte Technologies, where I remotely contributed to the development of data analysis scripts and web scraping tools from a home office.

Web Development Intern   **Feb 2024 - Mar 2024**
- Successfully completed a Web Development Internship at Wipro while working remotely, contributing to the development of e-commerce websites and mobile applications from a home office.

Study Abroad Program   **8 Jul 2023 - 15 Jul 2023**
- Participated in a Study Abroad Program at the National University of Singapore, focusing on Artificial Intelligence and Machine Learning.

PROJECTS

Personal Portfolio
- Developed a dynamic personal portfolio website using HTML, CSS, and JavaScript. The portfolio highlights my skills in web development , including responsive design, user interface (UI).
- Website Link: *Personal Portfolio*   • GitHub Link: *Source Code*

Voice Assistant: F.R.I.D.A.Y
- Designed and developed F.R.I.D.A.Y., a personal voice assistant, using Python Programming. The assistant can perform tasks such as setting reminders, playing music, answering questions, and providing weather updates.
- GitHub Link: *Source Code*

Weather App
- Devoloped a user friendly wedsite that fetches real time weather data using *Openweather* API featuring geolocation for a more personalized user experience.
- Website Link: *Weather App*   • GitHub Link: *Source Code*

EDUCATION

Institute of Engineering and Management   **2022- Present**
- Currently pursuing B.Tech in Computer Science.
- CGPA : 8.14
